Chairwoman Parker takes Oath of Office from Judge Clark      Chairwoman Parker addresses the audience

At just after 3:00 PM, on January 30, 2023, Sherry Parker took the oath of office as Chairwoman of the Hualapai Tribe. Ms. Jorigine Paya offered the opening prayer and the Honorable Rudolph S. Clark Jr., Associate Judge of the Hualapai Tribal Court, administered the oath in front of 100-plus community members at the Multi-Purpose Building in Peach Springs.

Chairwoman Parker will finish out the term of former Chairman Clarke who resigned in October of 2022. This will be Chairwoman Parker's third stint as chairwoman beginning in 2005-2008, then a full term from 2012-2016.

Over a dozen people, including members of council, offered words of support to the new chairwoman and were confident in her ability to handle the difficult problems she and council will face in the coming year and into 2024 with both grace and humility.

Chairwoman Parker thanked those who supported her run for office and said her administration will work with all who seek to advance the welfare of the tribe. To conclude, and well aware of the tasks ahead, Chairwoman Parker, quoted Psalm 91 saying to the Lord "You are my refuge and my fortress, my God, in whom I trust."

## Hualapai Planning Department is Seeking One (1) New TERC Member

Submitted by: Kevin Davidson | Hualapai Planning Department

The Great Spirit created Man and Woman in his own image. In doing so, both were created as equals. Both depending on each other in order to survive. Great respect was shown for each other; in doing so, happiness and contentment was achieved then, as it should be now.

The connecting of the Hair makes them one person; for happiness or contentment cannot be achieved without each other.

The Canyons are represented by the purples in the middle ground, where the people were created. These canyons are Sacred, and should be so treated at all times

The Reservation is pictured to represent the land that is ours, treat it well.

The Reservation is our heritage and the heritage of our children yet unborn. Be good to our land and it will continue to be good to us.

The Sun is the symbol of life, without it nothing is possible - plants don't grow - there will be no life - nothing. The Sun also represents the dawn of the Hualapai people. Through hard work, determination and education, everything is possible and we are assured bigger and brighter days ahead.

The Tracks in the middle represent the coyote and other animals which were here before us.

The Green around the symbol are pine trees, representing our name Hualapai - PEOPLE OF THE TALL PINES -

## Seeking One (1) New Board Member for the Hualapai Tribal Utility Authority (HTUA)

*Submitted by: Kevin Davidson | Hualapai Planning Department*

### Seeking One New Board Member for the Hualapai Tribal Utility Authority (HTUA)

On September 24, 2014, the Hualapai Tribal Council adopted the Hualapai Tribal Utility Authority Governing Ordinance. This is a significant step toward self-determination in the realm of public utilities for the Hualapai Tribe.

Established as an institution of Tribal government, the five members of the Hualapai Tribal Utility Authority board are chosen by Council. As noted in Section 107.b.3, of the Ordinance, the HTUA Board is authorized to acquire, construct, operate, maintain, promote, and expand electric power service, and eventually water service, and sewage service at Grand Canyon West and on such other locations within the Hualapai Reservation and on other Tribal lands under the jurisdiction of the Hualapai Tribe as the Tribal Council may deem appropriate. The HTUA board is delegated full authority and responsibility for the management and operation of HTUA consistent with the Ordinance.

At this time, the Tribe is seeking one new candidate to apply for Board membership to maintain this important function of Tribal government.

- ◆ The position may be filled by a member of the Community who has sufficient education, experience, and sound judgment to learn basic utility business practices and procedures.
- ◆ The new board member will be appointed for a three-year term.
- ◆ No employee of the Bureau of Indian Affairs, employee of the HTUA or member of the Tribal Council shall be a member of the Board.

Please prepare a letter of interest offering your qualifications (resume) and general motivation to be a member of the Hualapai Tribal Utility Authority Board and what you hope to achieve while on the Board. Please bring or e-mail your letter of interest to the Tribal Office, 941 Hualapai Way, Peach Springs, Arizona, attention Christine Lee, by **Friday, March 3, 2023, at 5:00 PM**. Thank you for your thoughtful consideration of this offer and desire to enhance utility services on the Hualapai Reservation.

### NOTICE OF PUBLIC HEARING AND ARIZONA WATER PROTECTION FUND GRANT APPLICATION GUIDELINES REQUEST FOR COMMENTS

The Arizona Water Protection Fund (AWPF) is a competitive state grant program that provides funding to interested parties for maintaining, enhancing, and restoring river and riparian resources throughout Arizona, including projects that benefit fish and wildlife that are dependent on these important resources. The distribution of grant funds from the AWPF is authorized pursuant to A.R.S. § 45-2101 *et seq.* and is overseen by the Arizona Water Protection Fund Commission (Commission). The program is administered through the Arizona Department of Water Resources.

Pursuant to A.R.S. § 45-2105 *et seq.* the Commission is required to develop guidelines for applicants for funding, and is seeking input from interested landowners, state and federal agencies, local government entities, non-profit organizations, and the public.

Specifically, the Commission is requesting comments related to:

- Current grant application structure and processes, and suggestions on streamlining and/or simplifying the grant application;
- Geographic areas in the state where protection and restoration should be prioritized (e.g., particular watersheds or streams; feature categories such as stream headwaters; etc.);
- Issues of concern that the AWPF should focus on across the state or in specific areas;
- Types of measures to address the issues of concerns identified;
- Relevant science related to designing and implementing effective riparian and watershed protection and restoration projects; and
- Published technical articles and experience with applied conservation/restoration practices with upper watershed and forest treatment projects that provide water quality and quantity benefits.

The most recent version of the AWPF grant application may reviewed online at <https://www.azwpf.gov/> or in person at the Arizona Department of Water Resources office (address listed below).

### VIDEO DEVICES, BLUE LIGHT, AND SLEEP (THE LACK OF IT)

Since the holidays we have noticed an increasing number of students who are having difficulty staying awake in class.

When asked about their evening routines, we are frequently getting answers about them being up very late into the night (sometimes even into the early morning) playing video games, being on their phones, or using other electronic devices (tablets, virtual reality headsets, etc.).

Each of these devices emits a type of light, called blue light, which has been scientifically proven to interfere with the body's normal production of melatonin (a hormone which helps people fall asleep).

When melatonin production is disrupted, people often have difficulty falling and staying asleep. And when they do sleep, it is often not very restful sleep. This lack of sleep naturally can also affect people's moods the following day. Children are particularly susceptible to these blue light effects.

Harvard Medical School recommends that people should avoid using screens that emit blue light at least two hours before trying to go to bed.

Our newsletters have previously talked about having evening routines to help maintain consistency of sleep for students. We strongly recommend incorporating a period of 'no screen time' before students head off to bed, and that they not be accessing those devices during the night.

### FIELD TRIP

Our students in grades 3-6 have been invited to watch a stage performance at Kingman High School next Monday, February 6. Permission slips were sent home. Thank you to the families who have returned them. If students are not attending the field trip, they will remain at the school while their classes watch the performance.

### HOW CAN I HELP MY STUDENT?

- Ask about our magic show – Sponsored by the Mohave Electric Cooperative, our students were treated to a magic show today. A number of our students were called onstage to be part of the act. It was an entertaining and informative performance. Your students were given an assignment to teach you what they learned.
- Remind them about bus privileges – In the past couple of weeks, we have seen an increase in the number of student behavior incidents on the bus, everything from yelling to physical horseplay. Please remind your students that riding the bus is a privilege that will be revoked if they cannot maintain appropriate behavior.
- Participate in conferences – The family / teacher conference schedule is going home today. Each student has been given a time slot. Families with multiple students have been scheduled in consecutive time slots for your convenience. If you are not able to make your scheduled conference time, contact your student's teacher to arrange a different time. All students will be dismissed at noon; conferences begin at 1 pm. Students will not be able to remain at school until their conference time, as that hour will be used for staff training.
- Talk about perseverance – One of the Lifelong Guidelines is perseverance – the willingness to continue working at something until the end. Many of our students need to work on this trait, as we find that many of them give up rather easily. Share any stories you have from your family about people overcoming obstacles, solving tough problems, or facing challenges. The more students see that others can do it, the more likely they will think that they can as well.

This category will recognize **externally** focused U.S. Department of Health and Human Services (HHS) innovations, activities, events, programs, or policies with clear potential to build health resilience to climate and extreme weather impacts in communities and health systems, especially for those most vulnerable, thus reducing climate impact per Executive Order (EO) 14008, *Tackling the Climate Crisis at Home and Abroad*.

All HHS employees are welcome to nominate themselves, a fellow colleague, small group, or a project or program for this prestigious award. The following link provides detailed information, instructions, and a blank template that you can use to submit the final application: Go Green Get Healthy HHS Green Champion Awards webpage. The due date for all FY 2022 HHS Green Champion Award nominations has been revised to **February 17, 2023**. Be sure to nominate your efforts that demonstrate measurable results towards integrating sustainability and climate resiliency principles into the HHS mission and its daily operations.

The connecting of the Hair makes them one person; for happiness or contentment cannot be achieved without each other.

The reservation is our heritage and the heritage of our children yet unborn. Be good to our land and it will continue to be good to us.

The sun is the symbol of life, without it nothing is possible -- plants don't grow -- there will be no life -- nothing. The Sun also represents the dawn of the Hualapai people. Through hard work, determination and education, everything is possible and we are assured bigger and brighter days ahead.

### What is WIC?

WIC is a nutrition program that helps families feed their children healthy foods. WIC provides nutrition information, healthy foods, and help accessing health care to moderate to low-income families. The program is available to families with pregnant women, new mothers, and children under the age of five.

### What Can WIC Offer My Family?

## Torivio M. Bravo Obituary ♥

Submitted by: Leonora Burch

Early Saturday morning, January 14, 2023, Torivio Mario Bravo, loving father, peacefully passed away at 62 years old in Peach Springs, Az.

Mario was born on November 14, 1960, in Williams, AZ. to Philip and Lena Bravo Sr.

He graduated from Kingman High School & attended Bacone Jr. College in Oklahoma, alongside his sister Bonnie. It was at this time that he met Leonora, they were married in 1981 and would go on to have 4 children, Cody, Mavis, Natalie & Ryan. Sadly, he lost his son Cody at an early age which he never fully accepted.

In his early years he was a cattle rancher, he helped work his mom's cattle and broke horses. His favorite work horse that he broke was a wild mustang, which he named Comanche. He had numerous jobs including wildland fire fighting, boatman with the Hualapai River Runners, & vending at Grand Canyon West. He also owned his own river running business. He enjoyed playing basketball, camping, fishing, scouting, horn hunting, sitting by the fire, & laughing and joking with everyone.

His passion was the joy of hunting, trapping, being outdoors and the thrill of a successful hunt. He was an avid hunting guide & outfitter. He belonged to the Bravo Guides and Outfitters alongside his brothers. They guided numerous important clients from around the country resulting in the recognition in the Boone & Crockett Club record book, which is quite an honor.

Mario was a humble man with a big heart. He always taught us to stand tall, be proud, and supported us all throughout our accomplishments and difficulties of our lives. He loved his children, grandchildren, and family with all his heart. He had a funny sense of humor. We will never forget his sarcasm, natural wit, memorable laugh & adventurous spirit!

Mario was preceded in death by his son Cody, his father, Philip Sr, and his mother, Lena & former spouse Lorraine. Mario is survived by his former spouse Leonora and their children: Mavis, Natalie, and Ryan; his brothers; Philip Jr. & Clay; his sisters, Anita & Bonnie, grandchildren: Samuel, Romeo, Landyn, Julian, Kingston, Cassidy, also former spouses Ava, Denise and several cousins, nephews, nieces, and many relatives.

A traditional wake was held on Friday January 20, 2023, at the family home in Peach Springs Az. At a later date, his ashes will be scattered at his favorite hunting spot beside his son and parents.

Thanks to all family, friends and those who were a valuable part of his life

## Story About Ben Watahomigie ♥

Submitted by: Waylon Honga (Pictures submitted by: Helen J. Watahomigie)

Hello, my name is May Stevens. I am Navajo from Cameron Arizona. In 1966 I went on the Mormon Placement Program. I stayed with a white Mormon family in the Salt Lake City area. There were about 20 of us from the Navajo Reservation. We all stayed with different foster families for the school year and then we would go home for the summers.

In 1966 I met Ben Watahomigie as he was on the Mormon Placement Program too.

We had a case worker who we called Brother Brown (it's a Mormon thing). Brother Brown would visit us and our foster families to insure we doing ok in our foster homes, in school, in church, in life in general.

Brother Brown would also get us Natives together to play games, go skiing, etc. I looked forward to our gatherings because I got be with the other Natives on the Mormon Placement Program.

If my memory is correct, in the late fall of 1967 Brother Brown got us together. And Ben told us he was on the Hillcrest High School basketball team. I went to a different high school called Skyline High School.

Us Natives liked basketball then, like we do now. We followed sports on the radio and in the newspapers. We learned Hillcrest was doing good and they made it to state playoffs. Us Natives were excited. All the natives and their foster families wanted to watch Ben play.

Even though I went to a different high school, I would make sure to watch Ben play. Jordan High School was number one. Hillcrest was one of the best team in the Salt Lake City area. Granite High School was another high school.

It was sometime in 1968 that I went with my foster family to watch Ben and Hillcrest High play for the state championship. I had one foster sister and three foster brothers. Including

my foster parents, all seven of us piled into our car and went to watch Ben. Our seats were kind of high in the stands but we watched the whole game.

We watched Ben play in the BYU Fieldhouse. I don't remember the opponent but when Ben got the ball, no one was sitting, we were all standing. I don't remember the score but Hillcrest High School won the state championship and they were led by Ben Watahomigie. He made the most points.

Ben made all his free throws. We shouted so much, we lost our voices. The whole fieldhouse was loud. On the way home we were happy, exhilarated. We were so proud of Ben. It was a very exciting time. My sister and her foster family came with us too.

Ben's best friend was Jessie Holiday. Jessie was also Navajo and he was on the Placement Program too. Jessie was from Monument Valley Utah. Today I think Jessie is living in Blanding Utah.

Ben, Jessie and I graduated from high school in 1968. I just wanted to share my memories of Ben Watahomigie with the Hualapai people.

- May

December 2022 Volunteer of the Month  
Barb Tinhorn

KWLP volunteer, Barb Tinhorn has been on a roll this month. She is so busy in the community and elsewhere; we are grateful she makes time for 100.9FM! Barb has been with the Peach crew for many years. She has always helped out behind the scenes. She has been a most reliable and valuable participant. Listeners first enjoyed her on air narrating many of the children's stories broadcast during *Read On Hualapai*, Sun through Thurs at 8:00pm. Barb is host of the daily segment *The Elder Corner*, which listeners can enjoy during the second hour of *The Morning Blend* weekdays. (Be sure to text (928) 769-11090 to let Barb know if there are topics you'd like her to cover!) Barb is big help with community and station event preparation, too, including this month! She also keeps staff on their toes, making sure we all do what we say we will do when we say we will do it and "moving things along!" This month she has narrated new Children's stories, voiced several community event and station promos and helped with event planning and preparations, as well as donating items to include in the holiday give-away. Barb will receive incentives valued at approximately \$100.00 for being Volunter of the month.

Volunteers of the Year 2022  
John Hopkins, aka Huckleberry Hopkins*

*Once again John Hopkins wins for his consistent and reliable participation and stellar performances during Rez Cowboy Radio and The OK Corral shows. We regularly have community listeners ask us who John is and where he is from. They comment how much they look forward to and enjoy his shows. "Huck" definitely does not disappoint! You can hear what all the buzz is about every Wednesday 2:00pm to 5:00pm on The Peach! You won't want to miss his unique brand of intellect and humor! In case you didn't know, Huck has been a member of the Peach crew of volunteers for several years. John is a member of the Narragansett Tribe of Rhode Island. John lived in Peach Springs while his wife worked at the local school. They have both continued their regular volunteer participation at KWLP despite moving to Page this school year, including travel back to Peach Springs to help the station with events! John also recently undertook a third project for The Peach utilizing his journalist's education and experience to contribute a recurring Native American historical segment: "The Talking Stick Time Machine." Look for the segment in the KWLP schedule in January! Yes, his voice adds comic flare to many of our commercials, too! We are so grateful lucky John shares his wit and previous radio experience with us! He is a pleasure to work with, too! John will receive incentives valued at approximately \$100.00 for being Volunteers of the Year! If you'd like to join the Peach volunteers, call 769-1110 or stop by the station!
